1. Describe and document the need for your project. If part of a larger project, please describe the portion of the project for which you are seeking LCBP funding.
2. Describe your project and how it addresses this need. Identify specific environmental and/or economic benefits from your project and explain how it addresses pollution prevention or aquatic invasive species spread prevention or any of the other priorities in *Opportunities for Action*.
3. List the specific objectives and tasks for your project. Identify target dates for each task leading towards your project completion deadline.

7. Describe why you are proposing to do the project. Are you aware of other organizations doing similar work?

C. Budget Table and Justification

Please use the format below for your budget table.

- If the LCBP request is part of a larger project, please indicate the estimated total project value and the funding source.
- All expenses should be placed into one of the following major categories:
 - Direct Costs - subcategories include: Personnel (including fringe benefits), Supplies, Contracts, Equipment, and Travel.
 - Indirect Costs – include general office and operating expenses, insurance, bookkeeping, etc. Please refer to the *Application Guidelines* for more information about direct and indirect costs, eligible expenses, and matching contributions.
- If your project includes several tasks, it is helpful for each task's budget to be broken out separately from the other tasks.
- List additional specific expense categories where appropriate as indicated.
- Budget items should be divided into funding sources as shown in the budget table. At minimum, show which items will be covered by the LCBP grant and which items will be part of your matching contribution. List other sources of funding that are not being used as match (such as other federal funds) following your budget table, as shown.
- In addition to the budget table, please include a brief justification for each line in your budget, as in the following example:
 - Project Coordinator: supports staffing for oversight of project activities, 50 hours @ \$18/hr.
 - Volunteers: streambank plantings, etc., 25 hours @ \$10/hr.
