

# We're Looking for More Farm "Stars"!

Do you know an exemplary farm that is making steady progress toward reducing agricultural pollution to Lake Champlain? The LCBP will recognize three farms, one each from New York, Vermont and Quebec, for their private and voluntary contributions to watershed clean-up and environmental leadership within the farm community.

Learn how to nominate a farm by contacting Colleen Hickey at 802-468-5227 or visit [www.lcbp.org/farm\\_award.htm](http://www.lcbp.org/farm_award.htm).

Learn about these farms at [www.lcbp.org/farm\\_award.htm](http://www.lcbp.org/farm_award.htm)
